

The Phlebotomy Chair

from Hill Laboratories

- ▶ Easy for your patient.
- ▶ Easy on your staff.

The 90PH is specially designed for Phlebotomy.

Easy Patient Access - Special low height and fold-back armrests for easy seating and exiting.

Minimal Back Strain for Staff - Height range from 19"-34" provides the ideal working level for the entire staff.

Multi-Positional Armboard - Adjusts in height, angle and from front to back providing sturdy, fast and comfortable positioning for the patient.

Trendelenburg-Tilt and Full Recline - Tilt patients who become faint, lowering their head while raising their feet. Also, adjusts to a fully flat position until patient is ready to exit the chair.

Large Enough for Adults with Children - The 90PH can accommodate even the most fidgety child providing ample room for parents to be seated with children.

Easy Clean - Puncture and stain resistant upholstery wipes down for easy clean up.

Reduce lifting and work comfortably with Electric Height

Easy-Move Faint-Patient Transfer with Tilt and Full-Recline

Fast and Versatile Patient-Arm Positioning with Multi-Position Armboard
